MALAYSIA PRODUCTIVITY CORPORATION (MPC)

PROPOSAL FOR BOARD OF MANAGEMENT

1.0 Purpose

The purpose of this paper is to request approval from Board of Management (BOM) for the project on Industry4.0 Companies Assessment Visit.

2.0 Background

EENP established under MPC has the charter of enhancing the competitiveness of our E&E industry; particularly in increasing the productivity, capability and competency of the E&E subsector. One of the key focus areas is to create value towards the Industry 4.0 ecosystem and EENP has conducted Plugfest 1.0 IIOT, Plugfest2.0 AIOT, and Artificial Intelligence for SMEs (AI4S).

This programme aimed to train and reskill workforce, especially those affected by pandemic, to stay relevant in the industry. This three full days hands-on workshop where each company has to develop a Proof-of-Concept (POC) project, within 3 months upon completion of workshop. Hence, MPC through EENP would like to accelerate this initiative and take the next phase.

Before MPC embarks on the next phase, we would like to propose for a visit to the participated companies in previous Industry4.0 programmes.

3.0 Objective

This programme aims to achieve the following specific objectives:

- To assess the outcomes and impact of previous and existing Industry4.0 programmes
- To identify gap and areas for improvement in implementing Industry4.0 programme

4.0 Output/Deliverables

- To propose and plan the Industry4.0 programme in the next phase

5.0 Outcome

- Improve implementation plan and strategy of the Industry4.0 programmes
- Strive for better outreach with more efficient and effective approve within existing resources
- Promote transformation and innovation in the industry
